SternaLock® Blu
The new standard in primary closure.
Don’t let sternal recovery take away from your life-saving procedures.  
Let rigid sternal fixation be the signature of your masterpiece.

**CT Scan of sternum with SternaLock Blu**  
6 months post-operative

**CT Scan of sternum with wire**  
6 months post-operative

---

CT scan shows well-apposed sternum with plates and screws  
CT scan shows separation of the sternal body with wires

---
